		funds							
Crypto community		partners		forums/blogs/messengers					
	advisor			listings/ratings/calendars					
				bounty campaign: translations, community gathering, buzz					
Own media	website/white paper/marketing program/ICO/ community platform/blogs/forums				ICO community support/transaction support				
		database collection			database activation	update and agent of database			
Advertising					paid advertising				
	media planning			paid opinion leadership					
PR/WOM		PR/WOM (1 wave)		Additional PR occasions and activation to increase WOM					

Financial model

In order to successfully launch and develop the ecosystem, our project needs the sufficient funds to:

- upgrade and expand the infrastructure;
- integrate liquidity aggregators;
- increase the software development team;
- purchase / rent collocation servers;
- obtain financial license .

The forecastet expenses for 5 years are described in the diagram below:

Forecasted expenses, 5 years, %

ICO funds allocation

Area	Pre-Sale		Main Sale		TOTAL ICO	
	RF tokens	ETH	RF tokens	ETH	RF tokens	ETH
Target Token Sales Volume:						
Marketing costs	4 875 000	4 875,0	13 387 500	13 387,5	18 262 500	18 262,5

RF token

The Raido Financial Token (RF) will be issued in the amount of 86.25 million coins.

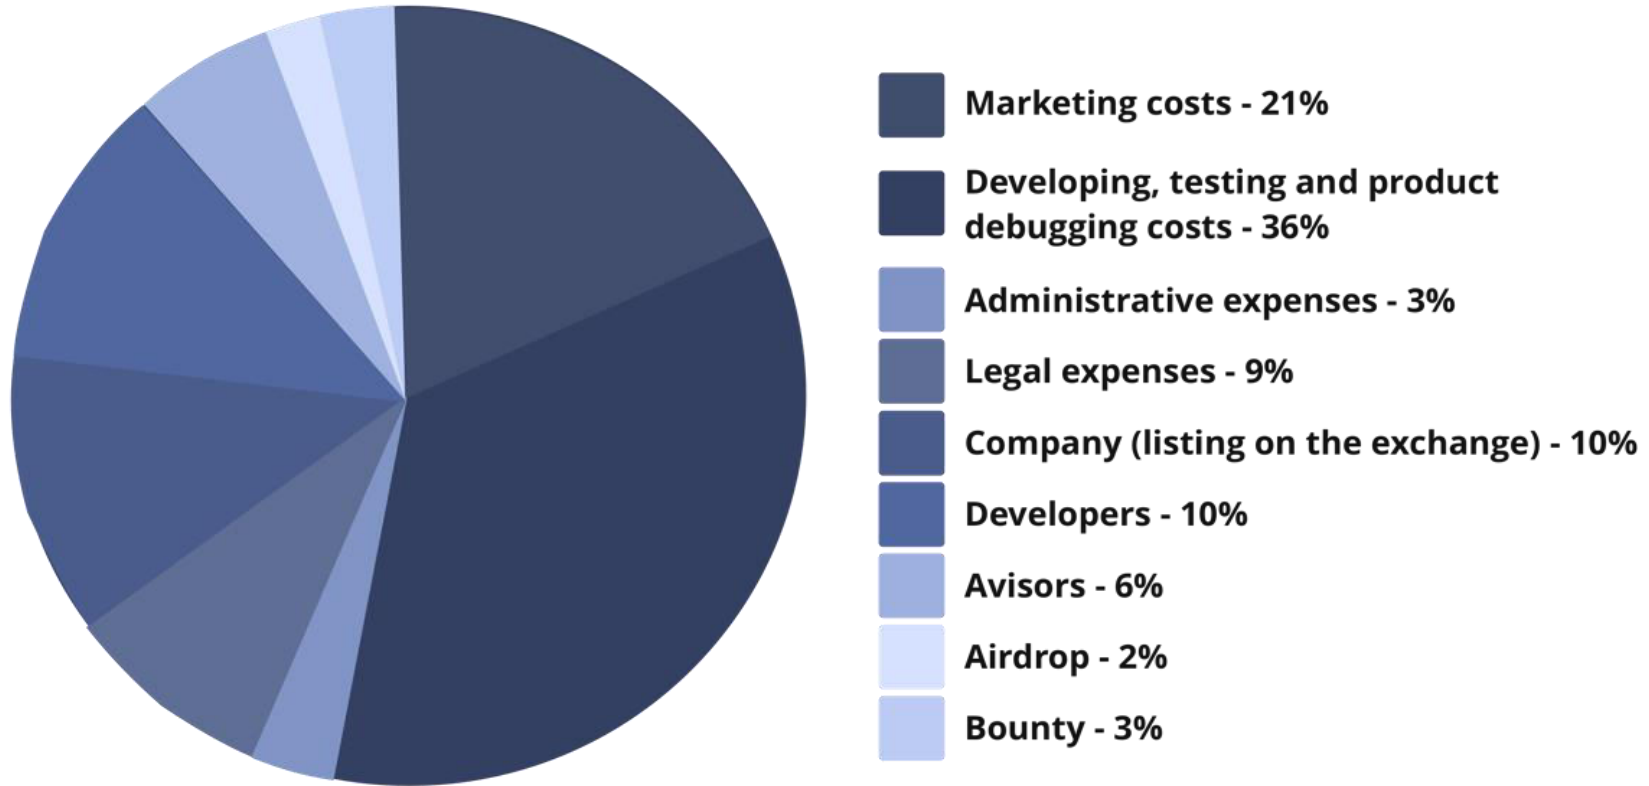

A smart contract and tokens will be released based on the ERC20 standard (Ethereum blockchain). 70% (60.26 millions) of tokens will be available for sale, and 30% (25.98 million) will be reserved for the company, the team, airdrops and bounty programs. The reserved 30% tokens will be distributed as follows:

- 10% for the Raido Financial company (tokens will be used for listing on crypto exchanges and added to aggregators);
- 15% for the team, including 5% for advisors (tokens will be frozen for a period of 9 months).
- 5% for participants of bounty and airdrop programs (will be available after the ICO).

RF Token distribution
